## 1. JUNE NUMBERS / Dashboard

We recorded $\$ 93 \mathrm{~K}$ in sales (vs. $\$ 101.5 \mathrm{~K}$ last year). Our Cost of Goods Sold was $\$ 57 \mathrm{~K}$ (vs. \$63.7K average for the year-to-date and \$69K for last year's average). We are still experiencing discrepancies between our estimated revenue and what KC reports in Xero. This month, we reported possibly, $\$ 94.5 \mathrm{~K}$ in revenues. This is something we will continue to try to resolve with KC and Sustainable Numbers.

We show a net loss of around $\$ 3 \mathrm{~K}$ for the month. Note that: (i) we had a slightly smaller IT bill this month; (ii) we have been running with less staff at quieter times; and (iii) we spent $\$ 1.6 \mathrm{~K}$ on fridge repair.

Simon's take on the month's numbers is that a strong start but it got quieter as we approached stock take with some stock-outs; generally, running inventory down; number of transactions is similar to last year but gross sales has decreased accordingly maybe due to price drops; weekends have gotten busier, but weekdays have gotten less busy (relative to two or three months ago); consistent but not spectacular.

We are looking at a $\$ 23 \mathrm{~K}$ loss for the year. We cannot continue to sustain such significant losses. Look at the differences between this year and last on dashboard.

Maurice: Did Naked Foods have an impact on our revenues? Plus Dr. Earth under new management? Look at external factors, how they may have affected our sales (groceries)?

Yes, we are going to make a loss this year and we are looking at a newer, lower revenue base, but we have taken steps to reduce our cost base (book-keeping, storage, recycling, wages-staffing, etc.).

Stevie: We should try to figure out why our sales are down on a non-anecdotal level.
Simon: If you look at out net profit on net sales, it shows that we are containing costs (with the exception of September).

Maurice: We must lock in any savings we do make, and not spend these savings (book-keeper, etc.), because our revenues our down.

Our balance sheet will have a bigger loss than our year-end p\&l; we need to understand the reduction in assets; prepayment of insurance should be accounted for and pushed into the new year. Start putting together the story of why we have reduced our equity. What is the cut-off point for making year-end adjustments? SImon to ask KC.

## 2. NUMBER Qs

Clearance accounts discussion. Mansfield added his thoughts on why KC was doing what they were doing. Zahra had a response to this. Jonny to send thread to Stevie and Maurice. We will continue to resolve this with Zahra, et al., over time. It looks like it is just a question of the timing of our bank reconciliations.

Simon will sort out why our sales figures don't match KCs for January (\$3K discrepancy) February (\$2K discrepancy), and now June (\$1.5K). Simon is now going to check his DBS figures against the Filemaker numbers. Is there a discrepancy in April? There may be a $\$ 1 \mathrm{~K}$ discrepancy for May. This is a work in progress. Simon will look at the POS sales numbers vs. the settlement numbers for January, Feb and May.

What is Cash Sales Adjustment line item?

Later, we (Simon) will go to KC to understand how the DBS numbers are input to Xero.
Why aren't the EFTPOS fees showing as paid but shown as a negative in EFTPOS fees collected in income?

Maurice will look at the last 3 months' numbers to give some analysis as to why we got this increase in sales in April. Work in progress.

## 3. TRANSITION TO SUSTAINABLE NUMBERS

Simon and Jonny met with Anthony Zahra to discuss our transition to Sustainable Numbers (SN) from Keeping Company. Anthony said that he did not think a year-end audit of our 2016 numbers was necessary, and that he felt comfortable taking over without an audit. We agreed that the transition would run from August 1 to August 19, during which time we would be paying both SN and KC .

KC will be requested to - 1. Close out and reconcile our June and July numbers; 2. Liaise with SN to accomplish a handover of tasks; 3. Continue to perform the daily book-keeping tasks (ABAs, pay runs, bank recs, etc.) through August 19th; 4. Transfer Xero admin to Simon and SN; 5. Withdraw KC access to our bank accounts.

Draft letter/email to KC below:

Dear Mr. Miller:

We wish to terminate our engagement of Keeping Company (KC) as of August 19, 2016. We are very grateful for the work KC and staff have performed for us over the past few years. When KC was first engaged, our internal financial operations and financial reporting was not in the best shape. KC assisted us greatly in improving these systems. At this time, however, we feel
that Alfalfa House should move its bookkeeping to a different provider, Sustainable Numbers (SN).

From today through to August 19th, we would ask you to please perform the following:

1. continue completing the regular, daily tasks associated with bookkeeping (i.e., bank reconciliations, pay runs, ABAs, etc.);
2. close and reconcile the June 2016 results;
3. liaise with SN (Anthony Zahra) to facilitate our transition to his services;
4. transfer administrative privileges/responsibilities on Xero to Simon Holmes and SN; and
5. withdraw your authority to access AH bank accounts as of August 19th.

If you should have any questions or comments regarding the foregoing, please do not hesitate to contact Jonathan Green at 0435-755-018.

Thank you again for your service
Sincerely,

We agreed upon the above text for the email and letter to KC. Simon agreed to transmit the letter to KC.

## 4. EXPENSES

Cleaning - Cleaners have lifted their game after many meetings with Simon; staff are happy with the level of cleaning. Vollie callout made - no response. This is a work in progress. At this moment, we are OK with the cleaning services.

Possible proposal - double the volunteer discount for cleaners?

We will try to source a dishwasher.

## SOCIAL MEDIA

Facebook reach for the 28 days to the $19^{\text {th }}$ of July 2016 totalled 9759 people, down by $15 \%$ on the previous 28 day period.

## OTHER MATTERS

The refurbishment of the front window display fitting was completed on Saturday the $16^{\text {th }}$ and Sunday the $17^{\text {th }}$ of July, after closing and before opening respectively.

The modification of the grant application to facilitate the completion of the awning work has been approved by the relevant government department. Therefore AH is ready to proceed with this work.

The lease renewal of AH has been finalised, and will be available for signing by two directors at the MC meeting. The document itself is four pages in total, as an renewal of AH's existing lease - it captures the changes to the agreement without reiterating the matters that remain the same.
